

## 10th Annual Force Health Protection Conference

# “FORCE HEALTH PROTECTION THROUGH COLLABORATION”

## The Deployment Healthcare Track Presents

### Richard G. Tedeschi, PhD

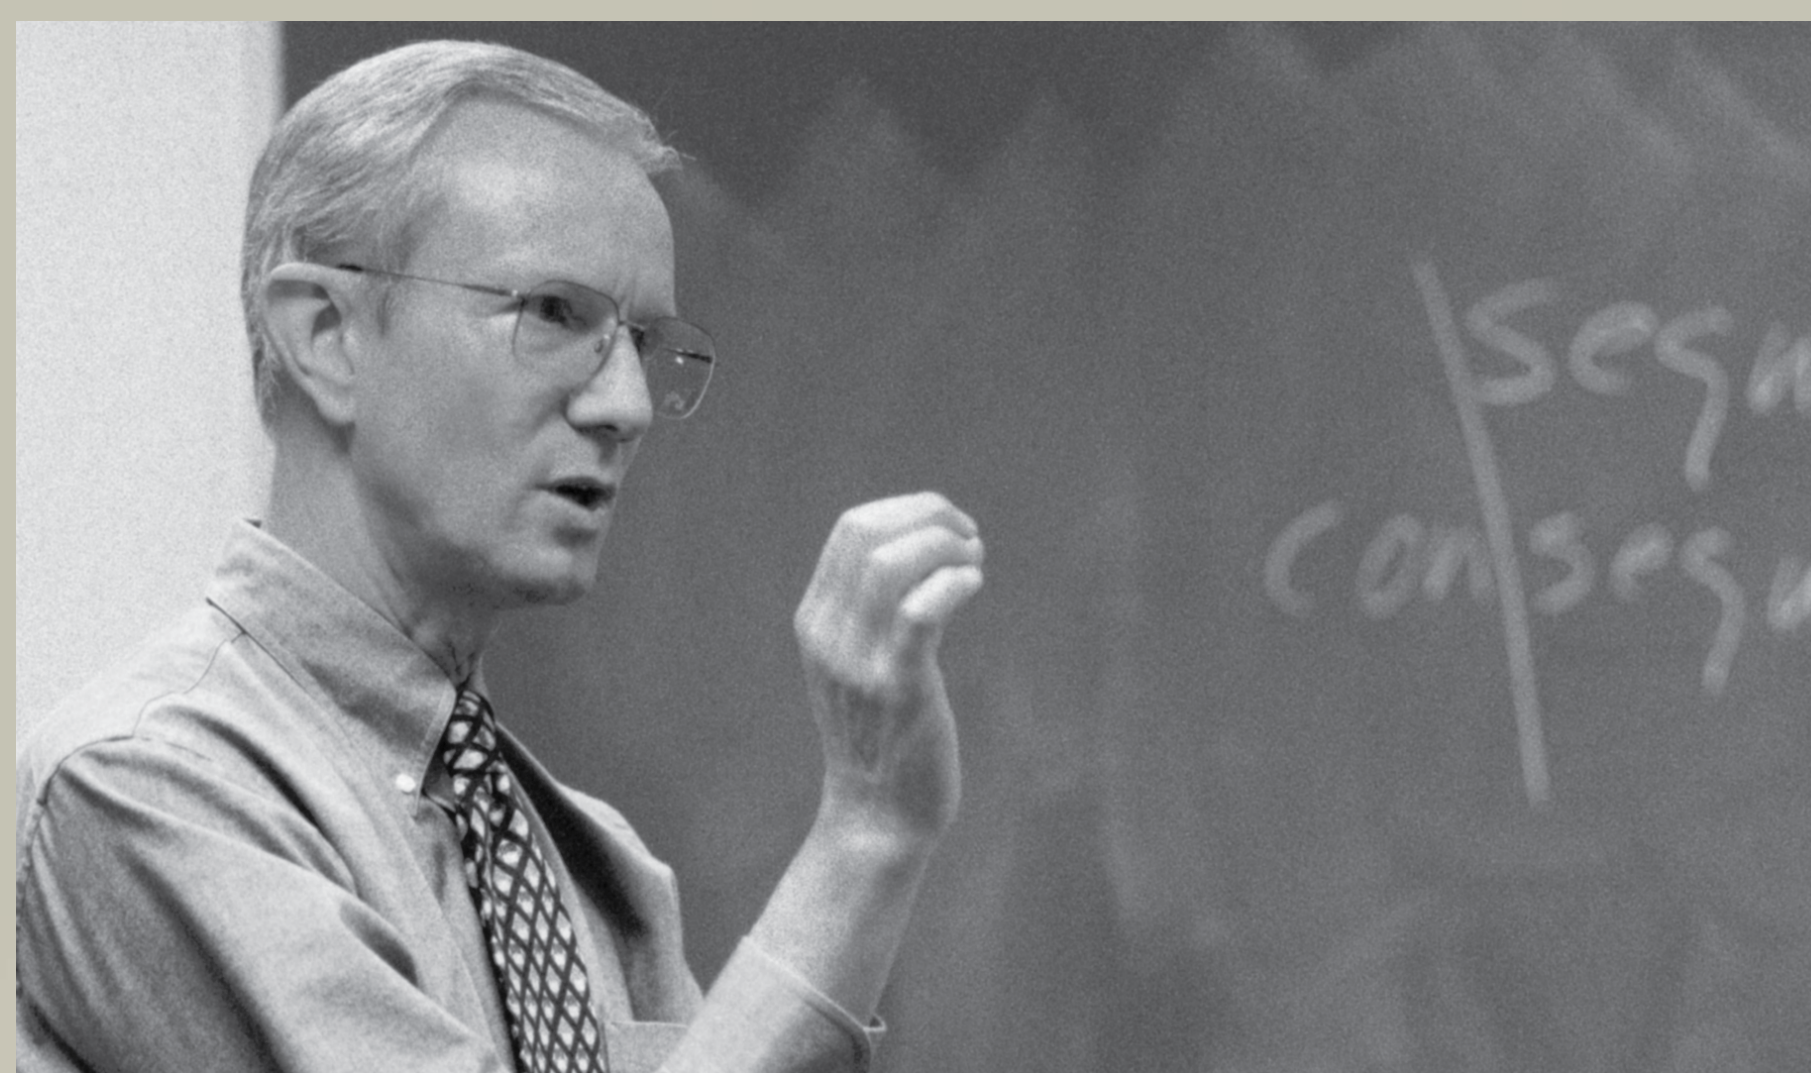

Dr. Richard G. Tedeschi is a Professor and Graduate Coordinator in the Department of Psychology, University of North Carolina at Charlotte. He is an outstanding educator and is widely published in the fields of trauma and post-traumatic growth. His publications include three books and numerous journal articles. In addition to teaching, he has supervised field placements of more than 150 psychology

graduate students in the Department of Veteran Affairs, the North Carolina Department of Corrections, and other agencies.

Dr. Tedeschi serves as the Chair of numerous thesis committees and is an external committee member on dissertations completed at universities in Australia, Canada, and the United States. He received his PhD in Clinical Psychology from Ohio University and his BA in Psychology from Syracuse University.

### Lawrence G. Calhoun, PhD

Dr. Lawrence G. Calhoun is a member of the graduate faculty in the Department of Psychology, University of North Carolina at Charlotte and a Licensed Psychologist. Along with clinical, academic, and teaching experience, he has published extensively about trauma and post-traumatic growth, co-authoring books, book chapters, and numerous journal articles and presentations. His other areas of expertise include bereavement, suicidal death, and rape. He was a visiting lecturer in the Department of Psychology at Nottingham University in England. In 2005, he was awarded the University of North Carolina Board of Governor's Award for Excellence in Teaching.

Dr. Calhoun received his PhD in Clinical Psychology from the University of Georgia, his MA from Xavier University, and his BA is from St. Andrews Presbyterian College.

*Speaking on*
